

OMM Solutions GmbH is a holistic digital transformation partner for medium and large sized companies. Our goal is to find, develop and provide intelligent solutions in the fields of education, innovation and technology. We are based in Stuttgart but interested in projects all over the world.

We are hiring:

○ **JAVASCRIPT DEVELOPER** (Internship m/f/d)

Your Profile

- Experience with Javascript and/or Typescript
- Knowledge in HTML5 and CSS
- You've heard of angular, vue or react
- You've heard of npm and GIT

Bonus

- Experience with nodejs or electron
- You know webpack, gulp, jasmine or protractor
- You've used Confluence or Jira before

What you'll be doing

- Development of clientside-components for enterprise-applications
- Implementation of user-interfaces with web-technologies
- Working with SCRUM

What you get

- Exciting projects with modern technologies
- Mentoring by highly experienced developers
- The latest gadgets to play around
- Work-Life-Balance is part of our culture
- Steep learning curve
