

OMM Solutions GmbH is a holistic digital transformation partner for medium and large sized companies. Our goal is to find, develop and provide intelligent solutions in the fields of education, innovation and technology. We are based in Stuttgart but interested in projects all over the world.

## We are hiring:

### RPA

(Fulltime/Internship m/f/d)

#### Your Profile

- Knowledge of an object-oriented programming language (Java)
- First experience in IT Project management
- Good communication skills

#### Bonus

- Experienced in task-automatisation (i.e. VBA, C# / UiPath)
- Familiar with Github
- You've used Confluence or Jira before

#### What you'll be doing

- Be part of our RPA team: from the analysis up to the implementation of processes
- Being in contact with our customers

#### What you get

- Exciting projects with modern automation-tools
- Mentoring by highly experienced RPA developers
- Steep learning curve
